Re: Request for Information Pursuant to Section 104(e) of CERCLA
for the Sanitary Landfill Company (IWD) Site in Moraine,
Ohio.

Dear Sir or Madam:

The United States Environmental Protection Agency (U.S. EPA) has completed investigating the source, extent and nature of the release or threatened release of hazardous substances, pollutants or contaminants, at the Sanitary Landfill Company (IWD) Site located at 1855 Cardington Road in Moraine, Ohio (hereinafter referred to as the "Site"). U.S. EPA recently issued its Proposed Plan for the Site, which details U.S. EPA Preferred Alternative for the clean up of the Site. Later this year, U.S. EPA will issue a Record of Decision for the Site, which will set forth the selected remedy to be implemented at the Site.

U.S. EPA is also seeking the identities of any companies or other entities which may have disposed of wastes containing hazardous substances at the Site. U.S. EPA intends to provide any Potentially Responsible Parties (PRPs) for the Site the opportunity to enter negotiations with U.S. EPA regarding implementation of the selected clean up alternative at the Site. PRPs are parties responsible to pay for the clean up of the Site under Section 107(a) of CERCLA, 42 U.S.C. § 4607(a).

Pursuant to the authority of Section 104(e) of the Comprehensive Environmental Response Compensation and Liability Act (CERCLA), 42 U.S.C. § 9604(e), you are hereby requested to respond to the Information Requests enclosed. Compliance with the enclosed Information Requests is mandatory. Failure to respond fully and truthfully to each and every Information Request within thirty (30) days of receipt of this letter, or to adequately justify such failure to respond, can result in enforcement action by U.S. EPA pursuant to Section 104(e)(5) of CERCLA which, as amended, authorizes the United States to seek penalties from a

Federal Court of up to twenty-five thousand dollars (\$25,000) for each day of continued non-compliance. "Non-compliance" is considered by U.S. EPA to be not only failure to respond to the Requests but also failure to respond completely and truthfully to each Request. Please be further advised that provision of false, fictitious, or fraudulent statements or representations may subject you to criminal penalties of up to ten thousand dollars (\$10,000) or up to five (5) years of imprisonment or both under 18 U.S.C. § 1001. The U.S. EPA has the authority to use the information requested herein in an administrative, civil or criminal action.

This Information Request is directed to your company, its officers, directors and employees, and its subsidiaries, divisions, facilities and their officers, directors and employees. This Information Request is not subject to the approval requirements of the Paperwork Reduction Act of 1980, 44 U.S.C. § 3501, et seq.

Your response to this Information Request should be mailed to the following person:

Kevin Turner
Remedial Project Manager
U.S. Environmental Protection Agency, HSRM-6J
77 W. Jackson Blvd.
Chicago, Illinois 60604

Please direct any legal questions you may have to John Breslin at (312) 886-7165. If you have any other questions contact Kevin Turner at (312) 886-4444.

Due to the seriousness of the problem at the Site and the legal ramifications of your failure to respond promptly and properly, U.S. EPA strongly encourages you to give this matter your immediate attention and to respond to these Information Requests within the time specified above.

Thank you for your cooperation in this matter.

Sincerely,

Lynn Peterson, Chief
Solid Waste and Emergency Response Branch

3. In answering each Information Request, identify all contributing sources of information.
4. If information not known or not available to the Respondent as of the date of submission of its response should later become known or available, Respondent must supplement its response to U.S. EPA. Moreover, should the Respondent find, at any time after the submission of its response that any portion of the submitted information is false or misrepresents the truth, respondent must notify U.S. EPA as soon as possible.
5. For each document produced in response to this request for Information, indicate on the document, or in some other reasonable manner, the number of the question to which it responds.
6. You must respond to the Information Request on the basis of all information and documents in your possession, custody or control or in the possession, custody or control of your former or current employees, agents, servants, contractors or attorneys. Furnish such information as is available to you, regardless of whether or not it is based on personal knowledge, and regardless of source.
7. Your response should be accompanied by a notarized affidavit from a responsible company official or representative stating that a diligent record search has been completed and that there has been a diligent interviewing process with all present and former employees who may have knowledge of the operations, hazardous substance use, storage, treatment, releases, spills, disposal or handling practices of the Respondent. If any documents requested herein have been transferred voluntarily or involuntarily to others or have been otherwise disposed of, identify each such document, identify the person to whom it was transferred, describe the circumstances surrounding such transfer or other disposition, and state the date or approximate date of such transfer or other disposal.

9. The information requested herein must be provided notwithstanding its possible characterization as confidential information or trade secrets. You may, if you desire, assert a business confidentiality claim covering part or all of the information requested, in the manner described by 40 CFR 2.203(b). Information covered by such a claim will be disclosed by U.S. EPA only to the extent, and only by means of the procedures set forth in 40 C.F.R. Part 2, Subpart B. [See 41 Federal Register 36902 et seq. (September 1, 1976); 43 Federal Register 4000 et seq. (December 18, 1985)]. If no such claim accompanies the information when it is received by U.S. EPA it may be made available to the public by U.S. EPA without further notice to you. You should read carefully the above-cited regulations, together with the standards set forth in Section 104(e)(7) of CERCLA, before asserting a business confidentiality claim, since certain categories of information are not properly the subject of such a claim, as stated in Section 104(e)(7)(ii) of CERCLA.
